Will Promote Beauty

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25c at F. J. Brennan's.

Box Butte County Prosperous

The year 1910 has been a dry year in most farming sections, but it takes Box Butte county, as usual, to hold first rank as an agricultural section.

A. R. Wilson and son, who have a farm directly west of Alliance, had 140 acres under cultivation this season. They had 50 acres of oats that weighed out 39 bushels per acre; 13 acres of barley that weighed out 22 bushels per acre; and 20 acres of their potatoes produced 2,500 bushels.

If this record can be beaten we haven't heard of it, and the fact that these gentlemen cleaned up \$3,000 on this farm this year shows and proves conclusively that intelligent farming can and does pay in Western Nebraska.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they are unequalled. Easy, safe, sure. 25c at F. J. Brennan's.

Not Sorry for Blunder

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Some Thanksgiving History.

The manner in which Thanksgiving day was first instituted as a national festival has especial interest. During the war for Independence eight public and general thanksgivings were ordered by the Continental congress, but after the general thanksgiving for peace in 1784 the proclamations were discontinued until 1789, when the first national thanksgiving was proclaimed by President Washington, the time designated being the first Thursday in November.

The special purpose, as recommended to congress, was to give thanks for the adoption of the constitution. In 1793 the suppression of the whisky insurrection was recognized by a presidential call for a national day of thanksgiving. The practice of officially recommending the observance of a thanksgiving festival was gradually adopted by the states until it now has place among the great holidays of the nation.

A Collect For Thanksgiving Day.

I thank thee, Father, for thy sky, Wherein thy little sparrows fly; For unseen hands that build and break The star-filled chasm overhead. This fleeting beauty, high and wild, Toward which I wonder as a child.

And thanks for morning's stir and light

And for the folding hush of night; For those high duties that spread The star-filled chasm overhead. For elfin chemistries that yield The green fires of the April field; For all the foam and surge of bloom, For leaves gone glorious to their doom— All the wild loveliness that can Touch the immortal in a man.

Father of Life, I thank thee, too,

For old acquaintance, near and true; For friends who came into my day And took the loneliness away; For faith that held on to the last, For all sweet memories of the past— Dear memories of my dead that send Long thoughts of life and of life's end, That make me know the light conceals A deeper world than it reveals. —Edwin Markham in Success.

Saves an Iowa Man's Life

The very grave seemed to yawn before Robert Madsen of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. They saw no hope in the marvelous curative power of Electric Bitters. For after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at F. J. Brennan's.
